04.

Customer will send back the signed SPAs for execution to Ellington Properties

05.

Upon execution, Ellington Properties will register the unit with DLD and send a copy to the customer

LOBBY

Distinctly modern, the lobby at Ellington House is an artsy, edgy space with an understated elegance. High floor-to-ceiling windows frame the lush greenery of outside while acting as entryways for the beautiful natural light to accentuate the soft color palette of the lobby. The lobby's warm and inviting setting is taken up a few notches by the mezzanine level lounge area, accessed by an angled stairway that's flanked by the stunning library wall. Dedicated work and leisure spaces take care of the visitors' work, relaxation, as well as entertainment needs.

POOL DECK

It's almost as if the pool deck at Ellington House was designed to bring resort-style entertainment to its residents, with an illuminated infinity lap pool providing panoramic views of the iconic Dubai Hills Golf Course. Basking in the sun takes new forms, depending on where you find yourself – Baja shelf, in-built seating, jetted pool, children's pool, or the elevated spa. With dedicated kitchen and dining areas to go with amenities like free Wi-Fi, outdoor speakers, sun loungers, shower areas and cabanas, the pool deck is the place to come together and celebrate.

FITNESS CENTRE

The fitness centre at Ellington House goes beyond the expected standards of fitness by catering not only to the varied fitness needs of its residents, but also considers their moods, emotions, and habits. The indoor fitness studio features high-performance eco-conscious equipment and zoned areas for bull body workout. The yoga room is designed to achieve the perfect synchronization of mind, body, and soul. The outdoor fitness area is a fusion of fitness, freshness, and freedom. There is a steam shower and sauna as well as separate changing rooms for men, women, families and people of determination.

CLUBHOUSE

The clubhouse is a pause that lets people reconnect with the things that matter for a more enjoyable and fulfilling life. From simple pleasures like picking a book to read from the clubhouse's library to unwinding with friends while enjoying board games, this is a stress-free social space that lets you be you. It features an indoor and outdoor lounge complemented by a slew of amenities like a dedicated kitchen area, music system, free Wi-Fi and table games – just the ingredients for an engaging fun-filled time in the company of friends and family.

KIDS' CLUBHOUSE

Perhaps the most imaginative space at Ellington House where kids can let their imagination take wings while making beautiful memories. Designed to develop the various facets of their personalities through interaction and exploration, it features a multi-tier climbing structure made from eco-friendly wood, thoughtfully chosen toys, games and books, and outdoor play areas. There is also a children's bathroom to complement the usual standard amenities.

ACTIVITY GARDEN

Savor, sip, and swing, the activity garden at Ellington House is an eclectic mix of social, wellness and entertainment activities. The meditative ambiance of the outdoor yoga area provides an interesting counterpoint to the boisterousness of the kids' play areas. The sizzle and crunch of the barbeque area with its ample seating area invites residents to celebrate the special and the everyday moments. A mini putt just next to the yoga area lets residents have a bit of the golfing experience.

KITCHEN

The kitchens at Ellington House mirror a timeless approach to design, that is based on meticulous details, world-class finishes and fittings, and a deep understanding between form and function. The space is shaped around an open concept to integrate with the living space. Complementing the spatial beauty of the kitchen is a selection of signature Ellington fittings – quartz countertop, lacquer cabinets, melamine carcasses, world-class appliances, and porcelain floor tiles.

BEDROOM

More than a restful retreat, the Ellington House bedrooms are designed to take on many roles every day - home office, playroom and sometimes a dining room.
The design employs natural light streaming through the floor-to-ceiling windows to accentuate the clean, straight lines, neutral colors, and minimalist details of the bedroom. The bedroom wardrobe is more than a creative, efficient storage, featuring plush details like high-quality soft-close drawers and full-height integrated mirrors.

BATHROOM

Minimalist sensibilities have been at the heart of Ellington House's bathroom design. Every piece that has been selected to take a space has been thoughtfully considered for both its form and function to deliver a calm and soothing experience every time. The interplay of space and light highlights its minimalist design details while maximizing elegance. Smart storage options, water-saving fixtures, and elegant décor add to its tranquility.

A LEAFY PARADISE IN A DREAM LOCATION

WHY INVEST IN DUBAI?
