Elegance has a new expression

CREATING SPACES FOR MODERN LIFESTYLES

We see things differently at Ellington. We believe it has more to do with creating spaces that match your way of life. As a boutique property developer, we focus more on crafting homes that are artisanal in design and pay close attention to every detail from architectural aspects to the finishing of interiors. With over 75 years of combined experience, we value functionality as much as aesthetics. Exactly why, we design homes with both logical and emotional appeal.

Ellington. Homes that inspire.

DUBAI, THE LAND OF OPPORTUNITY

Easily accessible from Europe, Africa and Asia, Dubai is ideally located for trans-continental trade. It is also one of the fastest growing economies in the world. Not surprisingly, the city is a popular choice for entrepreneurs and professionals from across the globe. What's more, Dubai is also due to host the World Expo in 2020.

Besides being a hub for business ventures and employment opportunities, the city has also earned a reputation as a leisure destination. Family-friendly attractions are plentiful and include theme parks, ice rinks and trampoline parks along with exhilarating desert safaris. Adventure seekers can enjoy a wide array of activities including watersports, skydiving and indoor skiing. While those who prefer a laidback lifestyle can relax in the city's parks, quaint cafes and sandy beaches.

ELEGANCE HAS A NEW EXPRESSION

Belgravia Heights I is a manifestation of Ellington Group's commitment to crafting living spaces that inspire. With bespoke interiors, stylish exteriors and extraordinarily landscaped gardens, 155 spacious studios, 1 and 2-bedroom units are setting new standards in understated elegance.

The development oozes a dynamic design philosophy driven by a new "Residential Movement". This design philosophy also provides the residents the option of personalizing and creating an identity for their apartment. The resort-style pool, children's play area and fully equipped fitness centre make the community one of Jumeriah Village's most sought after properties.

BOLD, AMBITIOUS AND INSPIRING EXTERIORS

Slender stone-clad fins draw the observer's eye vertically upward from the podium to the peak of the building. This also allows for privacy between each apartment balcony. Furthermore, the building's vertical facades are countered with crisp horizontal breaks on key floors to balance the overall proportions. This accentuates the corners and creates a visual hierarchy.

Beautifully landscaped gardens with barbecue areas, a designer swimming pool and inspiring outdoor lounge areas with wide open spaces add a dose of tranquility to the air.
